

POLICY RESOLUTION

SPONSORED BY: St. John's East-Quidi Vidi District Association

WHEREAS: The Government of Newfoundland and Labrador has brought forth an estimated deficit of over \$800M for the 2021-2022 Fiscal Year.

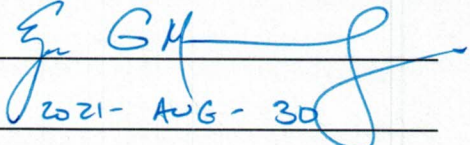

WHEREAS: The recent Greene Report, "The Big Reset", calls for large reductions in expenditures to a large number of government programs and departments.

WHEREAS: Current Public Service Collective Agreements contain such language as:

Notwithstanding any Article or Provision of the Collective Agreement, and for the duration of this collective agreement, the Employer shall not layoff for reasons other than lack of work or abolishment of a position that would be considered business as usual in the course of normal employer operations. The employer shall not use layoffs to effect Provincial budgetary expenditure reductions.

THEREFORE, be it resolved that we, the 2021 Annual General Meeting of the Progressive Conservative Party of Newfoundland and Labrador advocate that:

1. A PC Government, in all future labour agreements, shall hold as non-negotiable the removal of any and all such language that limits the ability of government to use layoffs or other budgetary measures to enact expenditure reductions.
